CNA SURETY

Good News – Enhanced Service on Contractor License Bonds!

We can now electronically file bonds for Contractor's License and Qualifying Individual's directly with the Registrar of Contractors, State of California, Contractors State License Board. This new way of filing bonds eliminates the need for contractors to file a paper bond with the state, and alleviates your handling of these paper bonds for your contractor customers.

Until the new process kicks in fully, any bond already issued on a paper bond form or currently quoted on bONDLINE (and sitting on the pending list) still needs to follow the old paper bond filing process. **However**, all new bonds issued going forward will follow the new and improved electronic filing process. We will provide a letter with each one explaining the electronic filing process and how to check the status on line of a license and bond.

Simply log-on to your secure Internet bONDLINE system for immediate processing or send us a completed and signed Form 10-E Application.

If you have any questions about this new process, please email us at info@cnaSurety.com or call us at 1-800-331-6053. We write more bonds than any other company in the industry and **WE WANT YOUR BUSINESS!**

[CNA Surety](#) provides custom-tailored expert surety solutions to nearly all market segments.
